### There's Comfort in Dehumidification

When you think of it being hot outside, most people think of turning on their air conditioner. But what does that really do? Does it just blow out cold air? The answer is no. It actually dehumidifies the hot air as it goes through your HVAC system and the result is cooler air coming out of your registers. However, that doesn't always keep the humidity at the ideal comfort in your home. But there is a solution...a whole home dehumidifier. This is a unit that is attached to your ductwork (or can stand alone if you have an unfinished basement) that keeps your home at ideal comfort. Most people don't even realize there's a humidity problem in their home until the solution is presented. And we have the perfect answer for you! We have a new program: we will install a dehumidifier in your home for 72 hours at absolutely no cost to you. It will get your home to the ideal comfort level and then you can decide if you'd like to purchase one for your home. There is no pressure. So call us today and get on the schedule to test out a dehumidifier for your home!

Effective January 1, 2014, there will be a 2.5% credit card convenience fee.

## The Addition is Almost Complete!

The outside of our new addition is complete and we just have a few more items to finish up inside. We'll be using the new space for warehouse/storage which will allow us to stock even more HVAC parts/components than usual. This will benefit you if we have a service call to your home or business. Once our new space is complete, we will be renovating our office space as well. Feel free to come by and check us out!

## Happy Independence Day!

### Giving \$ to Charity

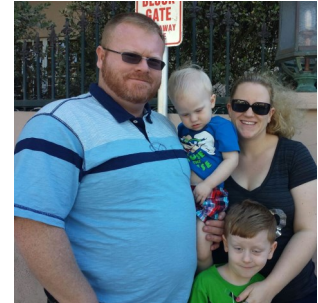

What if I told you we would give \$ to charity just for you talking about us?

If you visit our website at [www.BeesonCo.com](http://www.BeesonCo.com) and choose the "Give Back Thru Feedback", we will donate to the charity of your choice simply for giving your testimonial.

### Kaden & Keelan Update

Kaden & Keelan are anxiously awaiting the arrival of their new baby brother any day. Mommy (Leslie) is due July 13th with Beeson Boy #3!

Kaden & Keelan have been enjoying their summer with swimming, playing, and library time. It will go by fast so they're soaking it up while it lasts!
