REFRIGERANT ALTERNATIVE NOW AVAILABLE

We knew it was coming and now it's here! The refrigerant r-22 is being phased out, and the prices have sky rocketed! Over the past several years, the price has significantly increased. There are now alternatives arriving on the market. Nu-22 is a replacement that can be used on residential r-22 systems. However, keep in mind that all the current refrigerant must be removed first. A typical residential hvac system can hold anywhere from 6 to 12 pounds of refrigerant, depending on the age, size, and efficiency. There are other alternatives coming out as well. We will keep you updated as they come to the market and we feel they are appropriate to use in the residential systems.

JOHNSON COUNTY 4-H AND AGRICULTURAL FAIR JULY 17-23

Come see us at the Johnson County 4-H and Agricultural Fair! We have some great new games and even better giveaway items. As usual, it will be the coolest tent to visit! Bake sure to stop by and check it out!

KADEN, KEELAN, AND KELTON

Kaden, Keelan, and Kelton have been enjoying the summer and can't wait for the fair! Kaden will be able to display his mini 4-h projects for the first time. Keelan wants to go on the rides. And Kelton just wants to eat! They've been enjoying the summer with a trip to the water park, a pool party, and tractor rides. Kelton will soon be celebrating turning 2 years old!

HAPPY BIRTHDAY TO ASHLEY THARP AND MARTY HILL!
