BUZZ with BEEson

October-December

WE CHARGE WHAT WE'D CHARGE OUR MOMS! WE WON'T STING YOU!™

New Energy Star Certification

Kent & Leslie Beeson are now both certified with Energy Star, a program developed by the EPA (Environmental Protection Agency). The program is designed to help make your home as energy efficient as possible, and therefore environmentally friendly. Applying this program to your home allows you to have lower utility bills and may qualify you for a tax credit.

Communication Install

Do You Have the Oil in Your Car Changed?

Well....do you? I sure hope so! If not, your car will begin to have noticeable problems pretty quickly. Apply that same principal to your heating and air (HVAC) system. Proper maintenance must be performed to keep your units in good, working condition. That involves having a “clean & check” performed once a year on your indoor unit (air handler or furnace) and once a year on your outdoor unit (air conditioner or heat pump). You also have filters that need changed regularly. Depending on the size, they need changed anywhere from monthly to annually. To help make your life easier, we can take care of all of that for you! We can set you up on an annual maintenance contract which will take care of the “clean and checks”. We will give you a reminder call when it’s time to schedule and you will receive a 10% discount on anything you purchase from us throughout the year (including filters). Take a few minutes now to call or email us and set that up. It will make your life a little less hectic in the future and keep your HVAC system in proper working condition!

Have you seen the yard sign in front of our business lately? It says exactly what's to the left of this article. Seem silly? Of course it is! However, due to the constraints of the local sign ordinances, that's all we're currently allowed to display. So as you pass the sign, you can dream about the peaceful summer nights where you could hear a thunderstorm off in the distance....and hope it doesn't hail on your house! You never know, we might have a silly sign again in the near future (if the Town will allow it!)

Kaden & Keelan Update

It's Kaden's favorite time of the year! Halloween is his favorite holiday and he talks about it all year long. Kaden, along with Keelan's help, has been decorating his room for a few weeks now. He will surely have the entire house decorated soon! He's settling into kindergarten and enjoying his swim lessons. Keelan is 18 months and getting into everything! He repeats anything said, so be careful if you're around him!

Our commitment at Beeson Mechanical Service is to provide you the best service at competitive rates. Our slogan is "We Charge The Price We'd Charge Our Moms". We try our best and if there are ever problems, we take care of them to the best of our abilities! Please keep this in mind when you have service you need completed or if you're able to refer us to friends or family!
