We can make any and all custom metal for you!

At the beginning of the year, we opened up our brand new full metal fabrication shop. We are very excited to expand our products to include custom metal of any shape, size, or type. Whether you need a custom piece of stainless steel for a new backsplash or have an old piece that needs trimmed to fit

something correctly, we are the place to go! Our metal fabrication shop employees have over 50 years combined experience, which you can see in some of the masterpieces they have created thus far. We would love the opportunity to make something for you, too!

### Gift Card Drawing

Just for giving us your email address, we will enter you into a drawing for a \$75 gift card!

We will continue drawings each quarter, but the amounts will go down. Last quarter, someone won a \$100 gift card just for giving us their email! Maybe that will be you this quarter! You won't find out unless you give us your email!

### Kaden & Keelan Update

Kaden turned 5 on March 12 and Keelan turned 1 on March 20. It has been a month full of birthday celebrations! They had a pirate themed birthday party at the end of the

month and had a blast! They are both looking forward to spring and playing outside (Aren't we all?). Thanks to everyone for all the birthday wishes for these two kiddos!

**Our commitment** at Beeson Mechanical Service is to provide you the best service at competitive rates. Our slogan is "We Charge The Price We'd Charge Our Moms". We try our best and if there are ever problems, we take care of them to the best of our abilities! Please keep this in mind when you have service you need completed or if you're able to refer us to friends or family!
