**Quarter 4, 2010
(October-December)**

Federal Tax Credit up to \$1500 Ending Soon!!!! More information on back!

The *BUZZ* from *BEE*son

What do you think about this crazy Indiana weather we're having? I suppose it shouldn't surprise us, but it's still hard to get used to. This is a good time of year to start thinking about that first use of your furnace and preparing it for the season. Make sure to give us a call at 317-535-9338 to schedule your clean and check today!

Recipe: "Meatloaf"

- 1 1/2 pounds ground beef
- (1) 2 ounce envelope onion soup mix
- 1 cup shredded Italian cheese blend
- 1 cup fresh flat-leaf parsley, chopped
- 2 eggs
- 1 1/2 cups saltines
- 1/3 cup water
- 1/2 cup barbeque sauce

1. Heat oven to 400° F. In a large bowl, combine the beef, soup mix, cheese, parsley (if using), eggs, and saltines. Add the water and combine.
 2. Transfer the meat mixture to a baking dish and form it into a 9-inch loaf. Bake until cooked through, about 40 minutes.
- If using barbecue sauce, remove the meat loaf from oven after 25 minutes and pour the sauce over the top. Return to oven for about 15 minutes more.

(This recipe may be found at <http://www.realsimple.com/>)

**If you have a recipe you'd like to share, please mail or email it to us at the information on the back of this page. A coupon will be sent to you shortly after.*

Introducing our new Solutions Consultant!

Please take an opportunity to familiarize yourself with Jim McKinney, our Solutions Consultant. He began his venture with Beeson Mechanical in mid-July, in the midst of the hectic days of the Johnson County Fair. He has since had time to learn the "ways of Beeson" and is fitting in quite well. Jim has been married to Julia for 14 years and they have two boys, William (13) and Alexander (12). He enjoys spending time with his family, reading, and watching the Colts pummel their opposition!

As Beeson's Solutions Consultant, he is available to answer any questions you may have about your current HVAC system and/or other HVAC options. He's been in the HVAC industry for 19 years, and has specialized in service, sales, and indoor air quality products previously. He has now expanded to residential and commercial sales. With the federal tax credit ending sooner than you realize, don't hesitate to call Jim with any questions. He can be reached at the office at 317-535-9338 or on his cell at 317-964-3898. Remember, all phone calls, meetings, or estimates with Jim are at no cost to you!

Thank You, Thank You, Thank You!
 Thank you so much for coming to visit us at the Johnson County 4-H and Agricultural Fair once again! We all had a great time with our luau-themed booth and we hope you did, too. As always, we appreciate your support!!!

Kaden Update

Kaden is officially 2 1/2 now! Boy does time fly!!!! He's a very typical little boy, playing with his trucks and trains as often as he can. If it can move, crush, hit, or anything else entertaining he loves it!!!! He has 2 more cousins in the family now, a little boy and a little girl which he just adores. He calls them "Baby Isaac" and "Baby Zoe"....not to be confused with calling himself "Baby Kaden"! We're pretty sure he will be a teenager and still going by "Baby Kaden"!

Furnace Installed From \$2000
Qualifies for Tax Credit

DON'T BUY THE HYPE!

We have recently come across several other HVAC companies "giving away" a furnace with an A/C installed. We want you to know, as you probably expected, it's a scam. We prefer not to "buy the hype" and try to "give away" something that would put us out of business. We don't want to hide costs in other equipment so, if nothing else, at least call us for an estimate also!

Question and Answer

What rebates and credits are currently available?
 We are so excited about all the rebates and tax credits currently available!!!! York has brought back their rebate up to \$1200 (depending on your system). That's cash back in your pocket! Most of the energy companies also have rebates available still. Our customers typically receive a check for \$220. Most importantly, the federal tax credit up to \$1500 is still available but only through the end of the year! There are a few stipulations, such as it only being available to you either this year or last, and only once per household. The amount you receive depends on the cost of installation. You may use 30% up to \$1500 of the installation cost on your tax return for 2010. Please make sure to contact your tax consultant for more information. With all of these, you could get \$2920!!!! So take advantage now!*

Clean & Check From \$49.95**

*If you have questions you'd like answered, please call or email us for next time!
 **New Customers Only. Whiteland Residents Only. Call for additional pricing.
